

PROFESSIONAL PEST MANAGEMENT

PROTECT YOUR GRAINS FOR GREATER GAINS

FOR LIFE UNINTERRUPTED™

 **Actellic® 50EC**
Insecticide

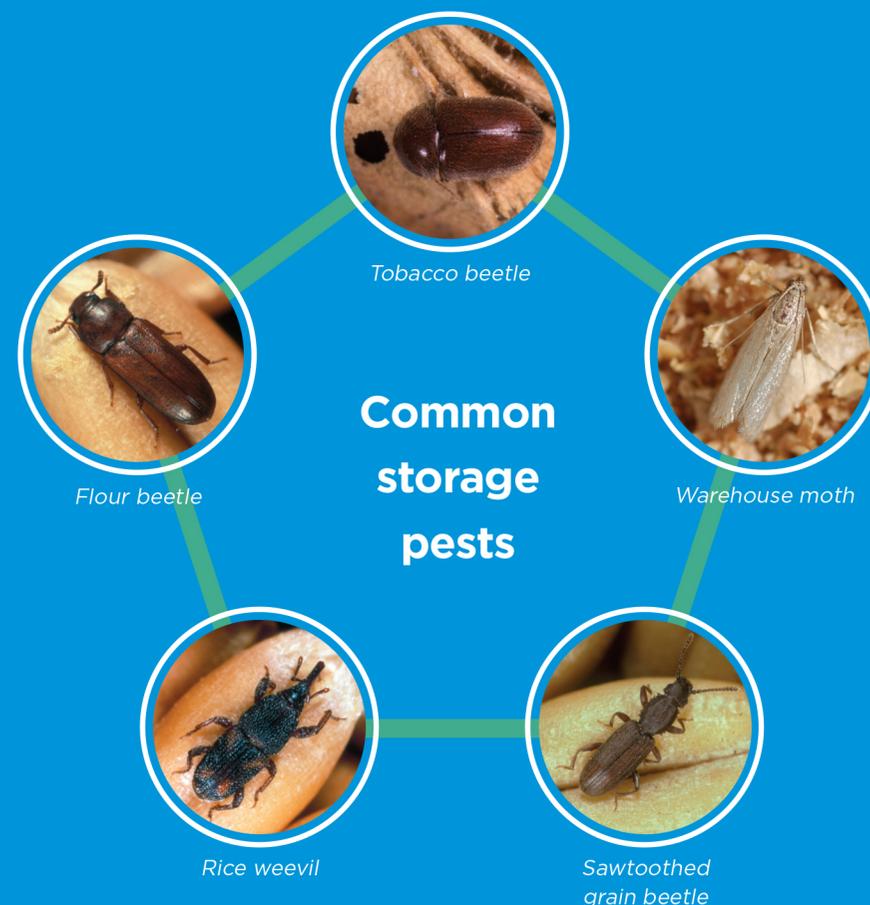

syngenta.

TM

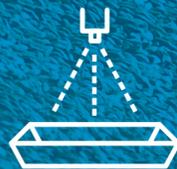

Actellic®50EC is a pirimiphos methyl insecticide that can be used as a preventive treatment against major insect and mite pests of stored products with residual action for up to 6 months. It is the only stored pest insecticide that can be safely applied to grains for animal consumption.

- ▶ **Powerful** - Broad spectrum control of adult and immature stored products insect pests. Excellent efficacy, including against insect strains highly resistant to other Organo-Phosphates. Excellent residual action for up to 6 months and useful vapor phase for bag spraying.
- ▶ **Versatile** - Works well under all storage conditions with flexible application techniques- complete or surface admixtures and treatment of structural surfaces.
- ▶ **Easy to Use** - Minimum safety measures required by operators and applied through standard equipment.

Actellic®50EC controls a range of common stored grains pests.

Actellic50®EC – Treatment and Application

	Admixture	Fogging	Residual Spray	Bag Spray
Volume of Actellic®50EC	20 mL	100 mL	20 mL	20 mL to 40 mL
Diluent	2 to 4 L of water	1 L of water, diesel or kerosene	1 L of water	1 L of water
Coverage	1 ton of grains	1,000 m ³	25 m ²	50 m ²
Equipment for application	Admixture applicator or sprayer	Fogging machine, ULV machine, mist blower	Compressed/power/knapsack sprayer	Compressed/power/knapsack sprayer
Where to apply	Grains in the conveyor/silo	Roof (space spraying of warehouse and feed mill)	Floor, wall, equipment	Sack/stock pile
When to apply	One time application	Every 7 days	Every 30 days (after cleaning or before use)	Every 21 days
How to apply	<p>Calibrate the sprayer and apply directly to grains while in the conveyor or during mixing.</p> <p>Grains should be free from any infestation prior to admixture treatment.</p>	<p>Apply to areas that are not accessible or with limited access. Observe 4 hours re-entry period after a pplication. Best to spray after 3pm onwards.</p>	<p>Spray all surfaces and handling equipment, roof or floor. Ensure complete cover and wetting of all surfaces, including machinery.</p>	<p>Spray outside of each layer of bags then spray the floor and each bag as the stack is built up.</p> <p>Finish by spraying the top and sides of the stack to the outside of each layer.</p>

COMPLIANT WITH INTERNATIONAL STORED GRAINS STANDARDS

- ▶ Grains treated with Actellic®50EC are safe for animal consumption with no withholding period. Feeding study in pigs, chicken and cow showed no adverse effect on animals.
- ▶ Registered by US EPA as Stored Grain Protectant.
- ▶ Maximum residue levels established in accordance to international standards (FAO, WHO Codex Alimentarius)
- ▶ Approved by UK's DEFRA for Integrated Store Management Programs
- ▶ Approved for use in ships by the International Maritime Organization
